

DFS Deutsche Flugsicherung

The DFS World. The DFS Group. Meet us in Madrid.

World ATM Congress 2022, 21 to 23 June

Booth 834

EXPERIENCE OUR SHOWCASES

DFS Center Suite

Our Center Suite combines our operationally proven radar and flight plan modules into an integrated system with an intuitive controller working position and electronic flight strip system.

Tower Suite RTC Cloud

Get the latest update on our cloud-based PHOENIX WeblInnovation with radar and flight plan information combined with our advanced remote tower control system.

UAM Traffic Management (UTM)

The UTM, provided by Droniq, is the first fully operational UAS Traffic Management System in Germany to integrate drones safely and efficiently into the airspace. For ATC purposes, find additionally the cloud-based PHOENIX WeblInnovation provided by DFS Aviation Services, which combines all relevant traffic information (manned and unmanned aircraft) in one air situation display. Find out how our UAM Traffic Management products work!

A² Aviation Academy

Come and try our remote 3D ATC simulator. Remote training through online 3D simulation and air traffic control training from basic to advanced. See our remote training tools such as a 3D online tower simulator.

JOIN OUR PRESENTATIONS & EVENTS
