

The DFS World. The DFS Group.

Meet us in Geneva.

Airspace World 2024, 19 to 21 March

Booth J33

DFS Deutsche Flugsicherung

EXPERIENCE OUR SHOWCASES

Tower Suite RTC

Explore our remote tower control centre for regional airports, the DAS RTC centre in Germany. See the advanced RTC system combined with our cloud-based PHOENIX WebInnovation controller working position, including the air situation display and electronic flight strips, which will be operational for Braunschweig-Wolfsburg and Emden airports in 2024.

PHOENIX WebInnovation

Our latest innovation is an integrated, web- and cloud-based air traffic management system that follows the modern Software as a Service approach (SaaS), with an intuitive radar screen and electronic flight strips.

DFS ATS Suite

Our highly scalable and customisable ATS System PHOENIX for area, approach or tower control units combines modules in use operationally worldwide into an integrated full-featured ATS Suite with an intuitive air situation display and electronic flight strip system.

Arrival Manager (AMAN)

The AMAN is a real-time arrival management system that has been proven in the field for more than 20 years in locations worldwide (Frankfurt, Munich, Amsterdam, Rio de Janeiro). Our AMAN, which is a multi-runway, multi-airport tool, includes EMAN and XMAN functionalities, and supports ATCOs with up-to-date planning suggestions based on real-time data.

Consulting

Proven ATM know-how at your service. Our portfolio (+29 products) ranges from the traditional, such as airspace design or optimisation of the airside operation, to the more innovative, such as RTC solutions and UAS.

DAS Aviation Academy

Professional ATM training at our inhouse academy. Whether initial or refresher training, standard course or customised project, we can integrate remote simulation into learning events in a meaningful way to meet all of your objectives. Our international team of trainers and simulation pilots looks forward to passing on their knowledge and experience to all air traffic control personnel.

JOIN OUR PRESENTATIONS & EVENTS

19 March 2024

- | | |
|-------|--|
| 12.30 | Mode N – Digital solution for a sustainable CNS
Morten Grandt, DFS
Frequentis Theatre |
| 14:00 | DAS mandate to unleash the inherent capacity at Athens Eleftherios Venizelos Airport
Jorge Casanova, DAS
Future Skies Theatre |
| 15.00 | Establishing Europe as the most efficient and environmentally-friendly sky to fly in the world
Sara Hallouda, DFS
Future Skies Theatre |
| 16.30 | Reception with German beer & pretzels
Booth J33 |

20 March 2024

- | | |
|-------|---|
| 10.00 | Concepts and challenges for digital towers at larger airports
Veit Voges, Frequentis DFS Aerosense
Frequentis Theatre |
| 12.30 | Advancing and enhancing safety management consciousness within the aviation community: Do we know what we don't know?
Christiaan Joubert, DAS
Indra Theatre |
| 13.00 | Transformations for the Future ATM, panel discussion with
DFS CEO Arndt Schoenemann
Frequentis Theatre |
| 14.00 | Air Defender 23 - A success of civil and military aviation community collaboration
Christine Schierhorn & Osman Saafan, DFS
Indra Theatre |
| 16.00 | Reception with German Riesling & sparkling wine
Booth J33 |

21 March 2024

- | | |
|-------|---|
| 10:30 | Getting ready for the next decade of investments in ATM modernisation, panel discussion with DFS CTO Friedrich-Wilhelm Menge,
Future Skies Theatre |
|-------|---|
